April 28, 2012

8:30 AM Check In

Please pick up event materials and enjoy a cup of coffee.

8:45-9 AM Welcome

Dr Dave Fujino, CA Center for Urban Horticulture - UC Davis
Dr Lynn Kimsey, Department of Entomology - UC Davis

9-9:45 AM Bees 101: Species Diversity & Behavior

Dr Robbin Thorp, Department of Entomology - UC Davis

10-10:45 AM Importance of Pollinators & Conservation

Dr Neal Williams, Department of Entomology - UC Davis

11-11:30 AM Break & Lunch Pick Up

11:30-12:15 PM Bee Plants

Ellen Zagory, UC Davis Arboretum - UC Davis

12:30-1:15 PM Pollinator Gardening: Design & Maintenance

Dr Vicki Wojcik, Pollinator Partnership

1:30-4 PM Open House & Pollinator Plant Sale

Haagen-Dazs Honey Bee Haven Garden - the 1/2 acre demonstration garden will be open for self-guided tours. Entomologist Robbin Thorp and Horticulturalist Missy Gable will be there to answer your questions. Enjoy the Bohart Entomology Museum display, learn about solitary bee nesting sites from Wild Campus and even build one to take home! UC Davis Arboretum Pollinator Demonstration Beds - beds around the Arboretum Teaching Nursery (ATN) are used to identify pollinator plants and Ellen Zagory will be on hand to answer any plant questions you might have. Take advantage of the special pollinator plant sale and enjoy a 10% discount if you're a member of the Friends group!
