

Schedule No. CL-1
Clearlake District
GENERAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service.

TERRITORY

Clearlake Park and areas, Lake County.

RATES

Quantity Rates:

For all water delivered, per 100 cu. ft.....	\$ 7.258	(I)
--	----------	-----

Per Meter
Per Month

Service Charge:

For 5/8 x 3/4-inch meter.....	\$ 39.05	(R)
For 3/4-inch meter.....	58.60	(R)
For 1-inch meter.....	97.70	(R)
For 1 1/2 inch meter.....	195.00	(R)
For 2-inch meter.....	313.00	(R)
For 3-inch meter.....	586.00	(R)
For 4-inch meter.....	977.00	(R)
For 6-inch meter.....	1,954.00	(R)
For 8-inch meter.....	3,126.00	(R)
For 10-inch meter.....	4,493.00	(R)

Fire Sprinkler 1-inch to 5/8x 3/4-inch	\$ 39.85	(R)
Fire Sprinkler 1-inch to 3/4-inch	\$ 58.60	(R)
Fire Sprinkler 1 1/2-inch to 3/4-inch	\$ 62.15	(R)
Fire Sprinkler 2-inch to 3/4-inch	\$ 63.30	(R)
Fire Sprinkler 1 1/2-inch to 1-inch	\$ 101.00	(R)
Fire Sprinkler 2-inch to 1-inch	\$ 103.00	(R)

The Service Charge is a readiness-to-serve charge applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

(Continued)

Schedule No. CL-1
Clearlake District
GENERAL METERED SERVICE

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. Pursuant to Decision No. 13-05-011, a surcharge of \$0.054 per Ccf will be applied to all metered customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account. (I)
3. As authorized by the California Public Utilities Commission, GSWC has agreed to provide a refund to all customers, per the Settlement Agreement approved in D.11-12-034. A sur-credit will be applied to the service charges for a 36-month period, beginning on the effective date of Advice Letter 1475-W. The surcredit will expire, March 1, 2015. The table below shows the refund for each meter size, which will be applied to customer's bills.

For 5/8 x 3/4-inch meter.....	\$ 18.00
For 3/4-inch meter.....	27.00
For 1-inch meter.....	44.95
For 1 1/2-inch meter.....	89.95
For 2-inch meter.....	143.90
For 3-inch meter.....	269.80
For 4-inch meter.....	449.70
For 6-inch meter.....	899.35
For 8-inch meter.....	1,438.95
For 10-inch meter.....	2,068.50

(D)

Schedule No. CL-1
Clearlake District
GENERAL METERED SERVICE

SPECIAL CONDITIONS

4. As authorized by the California Public Utilities Commission in D. 13-05-011, an amount of \$0.029 per Ccf is to be added to the Quantity Rates for a period of 12 months, beginning on the effective date of Advice Letter 1520-W. This surcharge will recover the undercollection recorded in the Pension and Benefits Balancing Account.
5. As authorized by the California Public Utilities Commission in D. 13-05-011, an amount of \$0.011 per Ccf is to be added to the Quantity Rates for a period of 12 months, beginning on the effective date of Advice Letter 1520-W. This surcharge will recover the undercollection recorded in the Conservation Order Instituting Investigation Memorandum Account.
6. As authorized by the California Public Utilities Commission in D. 13-05-011, each customer served under this tariff sheet will receive a one-time surcharge in the amount of \$0.02, per customer, beginning on the effective date of Advice Letter 1520-W. This surcharge will recover the undercollection recorded in the Military Family Relief Program Memorandum Account.
7. As authorized by the California Public Utilities Commission in D. 13-05-011, each customer served under this tariff sheet will receive a one-time surcharge in the amount of \$0.15, per customer, beginning on the effective date of Advice Letter 1520-W. This surcharge will recover the undercollection recorded in the General Rate Case Memorandum Account.
8. As authorized by the California Public Utilities Commission in D. 13-05-011, an amount of \$0.156 (N) per Ccf is to be added to the Quantity Rate for a period of 12 months, beginning on the effective date of Advice Letter 1531-W. This surcharge recovers the difference between the interim rates and final rates for the period of January 1, 2013 through May 22, 2013. (N)

R. J. SPROWLS

President

Date Filed: August 14, 2013

Effective Date: September 1, 2013

Resolution No. _____

Advice Letter No. 1531-W

Decision No. 13-05-011

Schedule No. RV-CS-1
 Redwood Valley Tariff Area
 (Coast Springs Division)
GENERAL METERED SERVICE
 (Page 1 of 2)

APPLICABILITY

Applicable to all water service where furnished on an annual basis.

TERRITORY

Dillon Beach and vicinity, located approximately 4 miles west of Tomales, Marin County.

RATES

Quantity Rates:

Per 100 Cu. ft. \$29.1607

Service Charge:

		Per Meter Per Month	SRF Surcharge Per Meter Per Month
For	5/8 x 3/4 - inch meter	\$58.22	\$10.77
For	3/4 - inch meter	87.34	16.16
For	1 - inch meter	145.56	26.94
For	1-1/2 - inch meter	291.12	53.87
For	2 - inch meter	465.80	86.19
For	3 - inch meter	873.37	161.61
For	4 - inch meter	1,455.62	269.36

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rate.

SPECIAL CONDITIONS

1. The established billing cycle is every other month (bi-monthly).
2. Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system's domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later. Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.
3. Any service to a residential customer not exceeding two units who requires a 1-inch meter only because of fire flow requirements to a fire sprinkler system will be billed at the above 5/8 x 3/4-inch meter service charge plus a \$2.50 surcharge.
4. All bills are subject to the reimbursement fees set forth on Schedule UF.
5. Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

SPECIAL CONDITIONS (Continued)

6. Qualifying low-income individually metered and flat rate residential customers, non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on Schedule LIRA.
7. All bills are subject to any applicable surcharges and surcredits on Schedules RSF and LIRA.
8. The SRF (State Revolving Fund) surcharge is in addition to the water bill. This surcharge shall be identified on each bill. The surcharge is specifically for the repayment of the California SDWBA loan authorized by Decision No. 06-04-031.
9. All bills are subject to the surcharges set forth on Schedule PB.
10. A surcharge of \$5.7218 per 100 cubic feet of water is to be added to each bill for 36 months on or after January 1, 2011, to reflect interim rates authorized by the Commission in Decision 10-12-017.
11. A WRAM-MCBA true-up surcharge of \$1.2498 per 100 cu. ft. of water used is to be applied to the quantity rates for 24 months beginning April 14, 2011, the effective date of Advice Letter 2029-A.
12. A WRAM-MCBA true-up surcharge of \$3.0995 per 100 cu. ft. of water used is to be applied to the quantity rates for 18 months beginning May 3, 2012, the effective date of Advice Letter 2073-B.
13. A Temporary Interest Rate Balancing Account surcredit of \$0.60 per service per month will be applied to each bill for 12 months, beginning August 31, 2012, the effective date of Advice Letter 2084.
14. A Water Cost of Capital Memorandum Account surcredit of \$1.42 per service per month will be applied to each bill for 12 months, beginning September 1, 2012, the effective date of Advice Letter 2085.
15. A WRAM-MCBA true-up surcharge of \$5.0332 per 100 cu. ft. of water used is to be applied to the quantity rates for 18 months beginning March 15, 2013, the effective date of Advice Letter 2098. (N)

GENERAL METERED SERVICE

SPECIAL CONDITIONS (Continued)

1. Any customer paying for service at a premise where Residential Fire Sprinkler System (RFSS) is required/requested to be installed by local fire and building codes shall be allowed to have their monthly service charge modified in accordance with the monthly costs of (RFSS) charges. Provided, however, that the RFSS rate has been requested by the customer and verified by the Company that the smaller size of meter would be large enough to provide adequate service for the property in absence of the additional demand necessary to supply water to the sprinkler system. The RFSS will not be considered a fire service by the Company, but as an oversized general metered service. As such the rules and conditions of service for general metered service shall apply. (T)
2. Per Advice Letter 962, a surcharge of \$0.0854 per ccf or \$0.0114 per 100 gallons will be applied to each bill to fund conservation efforts. The surcharge will remain in effect until otherwise directed by the Commission. (N)(T)
3. Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA) Surcharge (T)
 - a. A surcharge is included in each bill to recover the net under-collection in the Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA). For the period ending December 31, 2012, the net under-collection totals \$786,852 including interest. The surcharge is \$0.6897 per ccf or \$0.0922 per 100 gallons and will remain effective for 36 months beginning May 9, 2013. (N)

TITLE

Schedule No. LK-4
 Larkfield District Tariff Area
PRIVATE FIRE PROTECTION SERVICE

APPLICABILITY

Applicable to all water service furnished for privately owned fire protection system.

TERRITORY

Larkfield Estates and vicinity located approximately three miles north of the City of Santa Rosa, Sonoma County.

RATES

	Per Month
For each 1 1/2-inch connection.....	\$10.92
For each 4-inch connection.....	\$21.52
For each 6-inch connection.....	\$32.30
For each 8-inch connection.....	\$43.06
For each 10-inch connection.....	\$53.83

SPECIAL CONDITIONS

1. The fire protection service will be installed by the utility at the cost of the applicant. Such cost shall not be subject to refund.
2. If the distribution main of adequate size to serve a private fire protection system in addition to all other normal service does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity will be installed by the utility at the cost of the applicant. Such cost shall not be subject to refund.
3. The installation housing the detector type check valve and meter and appurtenances there to shall be in a location mutually agreeable to the applicant and the Utility. Normally, such installation shall be located on the premises of applicant, adjacent to the property line. The expense of maintaining the fire protection facilities on the applicant's premises (including the vault, meter, detector type check valves, backflow device and appurtenances) shall be paid for by the applicant.

Resolution No. -

Schedule No. RV-LC-1

Redwood Valley Tariff Area
(Lucerne Division)
GENERAL METERED SERVICE
(Page 2 of 2)

SPECIAL CONDITIONS

1. The SDWBA (Safe Drinking Water Bond Act) monthly surcharge for mobile home parks is \$1.85 per space for all meters. The surcharge is in addition to the regular monthly metered water bill. The total monthly surcharge must be identified on each bill. This surcharge is specifically for the repayment of the California SDWBA loan authorized by Decision 92711. It shall apply only to service rendered on or after December 1, 1981.
2. In accordance with Section 2714 of the California Public Utilities Code, if a tenant in a rental unit leaves owing the company, service to subsequent tenants in that unit will, at the company's option, be furnished on the account of the landlord or property owner.
3. The amount of the Service Fee for New Service shall be equal to the accumulated total of the monthly surcharge, which would have been applicable to such service from the effective date of surcharge implementation until the date of the new service. The accumulated service fee shall not exceed the maximum charges listed in the table above and shall only apply to previously unserved lots. The effective date for the SDWBA service fee for new lots is December 1, 1981. The effective date for the SDWSRF service fee for new lots is January 11, 2010.
4. All bills are subject to the reimbursement fees set forth on Schedule UF.
5. Qualifying low-income individually metered and flat rate residential customers, non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on Schedule LIRA.
6. All bills are subject to any applicable surcharges and surcredits on Schedules RSF and LIRA-SC.
7. The established billing cycle is every other month (bi-monthly).
8. All bills are subject to the surcharges set forth on Schedule PB.
9. The SDWSRF (Safe Drinking Water State Revolving Fund) monthly surcharge is in addition to the regular monthly metered water bill. The total monthly surcharge must be identified on each bill. This surcharge is specifically for the repayment of the California SDWSRF loan authorized by Decision 08-09-002.
10. A WRAM-MCBA true-up surcharge of \$0.5079 per 100 cu. ft. of water used is to be applied to the quantity rates for 36 months beginning July 22, 2010, the effective date of Advice Letter 1983-B
11. A surcharge of \$1.1569 per 100 cubic feet of water is to be added to each bill for 36 months on or after January 1, 2011, to reflect interim rates authorized by the Commission in Decision 10-12-017.
12. A WRAM-MCBA true-up surcharge of \$0.7330 per 100 cu. ft. of water used is to be applied to the quantity rates for 36 months beginning April 14, 2011, the effective date of Advice Letter 2029-A.
13. A WRAM-MCBA true-up surcharge of \$1.3313 per 100 cu. ft. of water used is to be applied to the quantity rates for 28 months beginning May 3, 2012, the effective date of Advice Letter 2073-B.
14. A Temporary Interest Rate Balancing Account surcredit of \$0.40 per service per month will be applied to each bill for 12 months, beginning August 31, 2012, the effective date of Advice Letter 2084.
15. A Water Cost of Capital Memorandum Account surcredit of \$1.02 per service per month will be applied to each bill for 12 months, beginning September 1, 2012, the effective date of Advice Letter 2085.
16. A WRAM-MCBA true-up surcharge of \$0.3406 per 100 cu. ft. of water used is to be applied to the quantity rates for 24 months beginning March 15, 2013, the effective date of Advice Letter 2099. (N)

Resolution No. -

Schedule No. RV-NH-1

Redwood Valley Tariff Area
 (Noel Heights Division)

Page 1 of 2

GENERAL METERED SERVICE

APPLICABILITY

Applicable to all water service where furnished on an annual basis.

TERRITORY

The unincorporated area known as Noel Heights Subdivision, located on the east side of State Highway 116, approximately 2.5 miles southeasterly of the Guerneville City limits, Sonoma County

RATES

Quantity Rates:

Per 100 Cu. ft. \$8.2059

Service Charge:

		<u>Per Meter</u> <u>Per Month</u>
For	5/8 x 3/4 - inch meter	\$54.58
For	3/4 - inch meter	81.87
For	1 - inch meter	136.45
For	1-1/2 - inch meter	272.90
For	2 - inch meter	436.64
For	3 - inch meter	818.71
For	4 - inch meter	1,364.51

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rate.

SPECIAL CONDITIONS

1. The annual service charge applies to service during the twelve-month period commencing July 1, and is due in advance. If a permanent resident of the area has been a customer of the utility for at least twelve months, he may elect at the beginning of each year to pay prorated service charges in advance at intervals of less than one year in accordance with the utility's established billing cycle.
2. The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth (1/365) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.
3. The established billing cycle is every other month (bi-monthly). The billing cycle may be at longer intervals during the winter season.

SPECIAL CONDITIONS

4. In accordance with Section 2714 of the California Public Utilities Code, if a tenant in a rental unit leaves owing the company, service to subsequent tenants in that unit will, at the company's option, be furnished on the account of the landlord or property owner.
5. All bills are subject to the reimbursement fees set forth on Schedule UF.
6. Qualifying low-income individually metered and flat rate residential customers, non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on Schedule LIRA
7. All bills are subject to any applicable surcharges and surcredits on Schedules RSF and LIRA-SC.
8. Any service to a residential customer not exceeding two units who requires a 1-inch meter only because of fire flow requirements to a fire sprinkler system will be billed at the above 5/8 x 3/4-inch service charge plus a \$2.50 per month surcharge.
9. All bills are subject to the surcharges set forth on Schedule PB.
10. A WRAM-MCBA true-up surcharge of \$0.7708 per 100 cu. ft. of water used is to be applied to the quantity rates for 36 months beginning July 22, 2010, the effective date of Advice Letter 1983-B.
11. A WRAM-MCBA true-up surcharge of \$1.4338 per 100 cu. ft. of water used is to be applied to the quantity rates for 36 months beginning April 14, 2011, the effective date of Advice Letter 2029-A.

(D)

12. A WRAM-MCBA true-up surcharge of \$1.1408 per 100 cu. ft. of water used is to be applied to the quantity rates for 18 months beginning May 3, 2012, the effective date of Advice Letter 2073-B.
13. A Temporary Interest Rate Balancing Account surcredit of \$0.28 per service per month will be applied to each bill for 12 months, beginning August 31, 2012, the effective date of Advice Letter 2084.
14. A Water Cost of Capital Memorandum Account surcredit of \$0.67 per service per month will be applied to each bill for 12 months, beginning September 1, 2012, the effective date of Advice Letter 2085.
15. A WRAM-MCBA true-up surcharge of \$1.1271 per 100 cu. ft. of water used is to be applied to the quantity rates for 18 months beginning March 15, 2013, the effective date of Advice Letter 2098-A.

Resolution No. -

City of Petaluma, California
 Summary of Water and Wastewater (Sewer) Rates
 Effective January 1, 2013 and July 1, 2013 (Water Consumption Charge)

The City of Petaluma bills for water and wastewater (sewer) services on a monthly basis. Both of these services are included in your monthly water bill. The following is a summary of the service charges:

Section 1.0 Water Rates

Water bills include a fixed monthly service charge and consumption charge. The fixed monthly service charge is driven by costs independent of water consumption and is based on the meter size. Most residential meters are a 5/8" meter. Expenditures that influence this charge include system replacement costs, service and main line maintenance, and administrative costs. Consumption charges for multi-unit residential, commercial and industrial customers are based on a single rate. The consumption charge for single-family residential customers is based on four tiers. The average single-family household will see some usage in the second tier. Typical water consumption for a single-family residential customer is about 12 hundred cubic feet (hcf) per month, or 8,976 gallons. Please note that 1 hcf = 748 gallons.

1.1 Water Service Charges (January 1, 2013)

The fixed monthly service charge is based on meter size.

Size of Service	Fixed Service Charge
5/8" Meter	\$6.85
3/4" Meter	\$6.85
1" Meter (residential)	\$9.97
1" Meter	\$9.97
1 1/2" Meter	\$17.73
2" Meter	\$27.09
3" Meter	\$48.92
4" Meter	\$80.10
6" Meter	\$158.00

1.2 Water Consumption Charges (July 1, 2013)

Customer	Consumption Charge
Single Family Residential	(\$/hcf)
Tier 1 (0-8 hcf)	\$3.06
Tier 2 (9-16 hcf)	\$3.67
Tier 3 (17-24 hcf)	\$4.58
Tier 4 (25+ hcf)	\$5.95
Other Customers	\$3.41

1.3 Example of Single Family Residential Customer Water Charge

For an average single-family residential customer, with a 5/8" meter and using 12 hcf monthly, the first 8 hcf would be charged at \$3.06 per hcf. The next 4 hcf would be charged at \$3.67 per hcf. The total bill would be as follows:

Service Charge =\$6.85
 Consumption Charge = (8 hcf x \$3.06) + (4 hcf x \$3.67) \$39.16
 Total Monthly Charge = \$46.01

Section 2.0 Wastewater Rates

Wastewater rates for commercial and industrial customers are based on a fixed monthly service charge and a commodity charge based on water use. Wastewater rates for residential customers are based on a fixed service charge plus a commodity charge based on average water usage during the winter months. The average household in Petaluma uses approximately 8 hcf (5,984 gallons) of water per month during the winter months.

2.1 Wastewater Charges (January 1, 2013)

Fixed Charge On Billings Rendered On and After January 1, 2013

Residential	Fixed Service Charge
Single-Family Residential	\$17.89
Multi-Unit Residential (per dwelling unit)	\$15.58
Unmetered Residential (per dwelling unit)	\$82.97
Non-Residential	
Up to 3/4" Meter	\$17.89
1" Meter	\$26.99
1 1/2" Meter	\$49.56
2" Meter	\$76.75
3" Meter	\$140.25
4" Meter	\$230.92
6" Meter	\$457.42
Metered Industrial	
2" Ultrasonic	\$208.22
10" Ultrasonic	\$457.46
2" Magnetic Meter	\$140.25
3" Magnetic Meter	\$298.85
4" Magnetic Meter	\$457.46
6" Magnetic Meter	\$1,137.21

2.2 Wastewater Commodity Charge (Use Charge)

Commodity Charge On Billings Classification Rendered On and After January 1, 2013.

Customer Commodity Charge

Residential	
Single-Family I (\$/hcf)	\$8.11
Multi-Unit (\$/hcf per dwelling unit)	\$8.11
Commercial (water use per bill, \$/hcf)	
Low-Strength	\$7.95
Medium-Strength	\$9.75
High-Strength	\$12.68
Metered Industrial Users (based on sampling results)	
Flow (water use per bill, \$/hcf)	\$6.32
BOD (sample, \$/lb)	\$0.60
TSS (sample, \$/lb)	\$0.70

2.3 Example Single Family Residential Wastewater Charge

All wastewater customers are charged a flat service charge plus a commodity charge. The commodity charge for residential customers is based on the amount of water used during the winter months or actual water usage, whichever is lower. The winter water usage billing method is designed to more fairly distribute the costs of operating the wastewater system. Water consumed during the winter months of the year approximates wastewater (sewage) flow. This is because landscape irrigation should be minimal, and therefore most, if not all, water consumed during this period is returned to the wastewater (sewer) system. This approach also rewards water conservation. New customers without consumption history are assigned an average wintertime usage average of 8 units until there is sufficient consumption history to compute the average.

For this example, the monthly wastewater charges for a single family with a monthly average of 8 units is:

Monthly Wastewater Fixed Fee Base Charge=.....	\$17.89
Wastewater Use Charge = (8 x \$8.11)	\$64.88
Total Monthly Charge =	\$82.77

Winter water averages are updated in July, using the average winter water usage from the previous winter.

Rohnert Park, CA

Meter Rates effective 10/1/08 - [Water Ordinance No 801](#) (PDF)

Rate per gallon \$ 0.003 (\$3.00 per 1,000 gallons)

A discounted rate of \$0.0027 per gallon will be applied to single family residents and qualified multi-family units that use less than 10,000 gallons per month. In order to qualify for the discounted rate, multi-family complexes must sub-meter each unit, bill each unit based on consumption and have a separate meter for all irrigation

SERVICE CHARGE – METER SIZE	MONTHLY RATE
3/4" or less	\$ 18.32
1"	\$ 18.32
1 1/2"	\$ 30.10
2"	\$ 44.27
3"	\$ 79.65
4"	\$124.49
6"	\$242.45
8"	\$384.00

FIRE PROTECTION – STANDBY RATES	MONTHLY RATE
2"	\$ 20.79
3"	\$ 26.46
4"	\$ 33.08
5"	\$ 40.64
6"	\$ 44.42
8"	\$ 60.48
10"	\$ 72.77
12"	\$ 85.05

Water for fire suppression systems using automatic sprinklers and which systems have a direct and separate connection to a City water main in any commercial building or structure shall be furnished at the above rates.

General Information

Rules and Regulations Regulating the Sale of Water - [Resolution No. 2005-86](#)

[Water Waste Ordinance 713](#)

Water is coming under increasing Federal regulations, especially as it relates to fisheries. These regulations put pressure on cities, such as Rohnert Park to conserve water, as that helps protect local fish habitats. Water meters have proven to be one effective tool to promote water conservation. Further, by metering water usage, the City can accurately and with good reason bill residents for their usage and reward customers who conserve water. The City of Rohnert Park's water resource provided through our well system and the Sonoma County Water Agency water supply, primarily from Lake Sonoma. Since 1956, Rohnert Park has relied on a system of wells supplemented by one million gallons of county aqueduct water a day to meet its water needs. Rohnert Park's well system is becoming more expensive to operate, and our growing population is taxing it. As a result, Rohnert Park has increased its draw from the county aqueduct to 15 million gallons a day. We will continue to use some well water, but in the near future, most of our water will come from the county aqueduct.

[The Rohnert Park Water Report 2007](#)

ORDINANCE NO. 3978

ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA ROSA AMENDING SECTIONS 14-04.090 AND 14-08.010 OF THE SANTA ROSA CITY CODE, REVISING MONTHLY SERVICE CHARGES AND RATES CHARGED FOR CITY WATER SERVICES

THE PEOPLE OF THE CITY OF SANTA ROSA DO ENACT AS FOLLOWS:

Section 1. Section 14-04.090 of the Santa Rosa City Code is amended to read in full as follows:

"14-04.090 Fixed monthly service charges.

(A) The fixed monthly service charges for water service are based upon the size of the water meter and are as follows for meters connected to the potable water system:

Fixed Monthly Service Charges for Potable Water Meters

Meter Size (in inches)	Meters Read On and After January 14, 2012	Meters Read On and After January 1, 2013
5/8	\$9.85	\$11.35
1	\$17.95	\$20.68
1 1/2	\$34.30	\$39.52
2	\$57.65	\$66.42
3	\$134.84	\$155.33
4	\$229.39	\$264.26
6	\$502.18	\$578.52

(B) The monthly service charges for meters connected to the recycled water system are as follows:

Fixed Monthly Service Charges for Recycled Water Meters

Meter Size (in inches)	Meters Read On and After January 14, 2012	Meters Read On and After January 1, 2013
5/8	\$8.87	\$10.22
1	\$16.15	\$18.61
1 1/2	\$30.87	\$35.56
2	\$51.88	\$59.77
3	\$121.35	\$139.80
4	\$206.45	\$237.83
6	\$451.96	\$520.66

(C) The monthly service charges for City-maintained meters on private water systems are as follows:

**Fixed Monthly Service Charges for City-Maintained
Meters on Private Commercial Water Systems**

Meter Size (in inches)	Meters Read On and After January 14, 2012	Meters Read On and After January 1, 2013
5/8	\$5.44	\$6.27
1	\$7.04	\$8.12
1 1/2	\$7.49	\$8.63
2	\$9.98	\$11.50
3	\$27.72	\$31.93
4	\$38.66	\$44.53
6	\$73.09	\$84.20

Section 2. Section 14-08.010 of the Santa Rosa City Code is amended to read in full as follows:

"14-08.010 Rates for the delivery of potable and recycled water in addition to fixed monthly charges.

The user charges shall be as follows:

Single Family Residential Accounts (Potable Water)

The user charge for potable water is made up of four tiers.

<u>Tier Allocation</u>	<u>User Charge (\$ per 1,000 gallons) Meters Read On and After January 14, 2012</u>
Tier 1 (Up to the account's sewer cap)	\$4.55*
Tier 2 (above the sewer cap to 8,000 gallons above the sewer cap)	\$5.24*
Tier 3 (8,001 to 30,000 gallons above the sewer cap)	\$6.53*
Tier 4 (Over 30,000 gallons above the sewer cap)	\$9.81*

<u>Tier Allocation</u>	<u>User Charge (\$ per 1,000 gallons) Meters Read On and After January 1, 2013</u>
Tier 1 (Up to the account's sewer cap)	\$4.60*
Tier 2 (above the sewer cap to 8,000 gallons above the sewer cap)	\$5.29*
Tier 3 (8,001 to 30,000 gallons above the sewer cap)	\$6.60*
Tier 4 (Over 30,000 gallons above the sewer cap)	\$9.91*

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

Single family residential accounts with no sewer cap due to an absence of irrigation usage and single family residential accounts that are water-only accounts, which do not use City water to irrigate, will have all water billed at the Tier 1 user charge.

Single family residential water-only accounts (i.e. those with no corresponding City wastewater account), and which use City water for irrigation, will be allotted a water cap for purposes of being billed at the tiered rates.

Dedicated Irrigation Accounts

Dedicated irrigation accounts are accounts that have a meter used solely for irrigation. These accounts shall have a user charge based on site-specific water budgets.

The billing period water budget is the amount of water needed to irrigate the specific area of landscape served by the dedicated irrigation account for the specific days covered by the billing period. The billing period water budget is determined monthly in arrears for each account in accordance with the following formula:

$$\text{Billing Period Water Budget} = \{.7 \times [ET_o - EP] \times [LA_h + LA_m] \times CF\}$$

ET_o (Reference Evapotranspiration) = Evapotranspiration is defined as the amount of water used by the plants (transpiration) and evaporated from the soil (evaporation). It is measured in inches by the Santa Rosa California Irrigation Management Information Systems (CIMIS) weather stations. Reference Evapotranspiration is a standard measurement of evapotranspiration for cool-season turf. The Billing Period ET_o is the sum of the daily ET_o for the specific days of the billing cycle.

EP (Effective Precipitation) = The depth of rainfall, measured in inches by the Santa Rosa CIMIS weather stations, that offsets ET_o . It is assumed that only 1/3 of total rainfall offsets ET_o . The Billing Period effective precipitation is for the specific days of the billing cycle.

LA_h (landscape area high) = Square footage of site's landscape area consisting of high water use plants or uses (turfgrass, ornamental water features, annuals, plants in containers and plants with a plant factor greater than 0.6)

LA_m (landscape area moderate) = Square footage of site's landscape area consisting of moderate and low water use plants (plants with a plant factor of 0.6 or less)

CF (Conversion factor) = 0.623, the number that converts square feet to gallons

Verifications of the connection site's landscape measurements may be requested by the customer. Adjustments to the landscape measurements may be made if changes, including but not limited to addition of landscape, changes to the plant type, or removal of landscape, are made to the connection site's landscape, however the adjustments cannot exceed the acceptable landscape

plant mix as defined by the City’s Water Efficient Landscape Ordinance (Chapter 14-30). To request a verification or adjustment for the connection site, contact the Utilities Department.

The user charge is made up of three tiers. The three tiers are based on the percentage of the water budget used by the specific site during the billing period, as follows:

(A) For potable water use:

	<u>User Charge (\$ per 1,000 gallons)</u>
	<u>Meters Read On and After</u>
	<u>January 14, 2012</u>
<u>Tier Allocation</u>	
Tier 1 (Up to 125% of Billing Period Water Budget)	\$4.80*
Tier 2 (126 – 200% of Billing Period Water Budget)	\$6.53*
Tier 3 (201% and over Billing Period Water Budget)	\$9.81*

	<u>User Charge (\$ per 1,000 gallons)</u>
	<u>Meters Read On and After</u>
	<u>January 1, 2013</u>
<u>Tier Allocation</u>	
Tier 1 (Up to 125% of Billing Period Water Budget)	\$4.85*
Tier 2 (126 – 200% of Billing Period Water Budget)	\$6.60*
Tier 3 (201% and over Billing Period Water Budget)	\$9.91*

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

(B) For recycled water use:

	<u>User Charge (\$ per 1,000 gallons)</u>
	<u>Meters Read On and After</u>
	<u>January 14, 2012</u>
<u>Tier Allocation</u>	
Tier 1 (Up to 125% of Billing Period Water Budget)	\$4.55*
Tier 2 (126 – 200% of Billing Period Water Budget)	\$6.53*
Tier 3 (201% and over Billing Period Water Budget)	\$9.81*

User Charge (\$ per 1,000 gallons)
Meters Read On and After
January 1, 2013

Tier Allocation

Tier 1 (Up to 125% of Billing Period Water Budget)	\$4.59*
Tier 2 (126 – 200% of Billing Period Water Budget)	\$6.60*
Tier 3 (201% and over Billing Period Water Budget)	\$9.91*

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

Multi-Unit Residential accounts (2 units and more): Effective January 14, 2012, \$5.01* per 1,000 gallons of water delivered through each meter during the billing period.

Effective January 1, 2013, \$5.06* per 1,000 gallons of water delivered through each meter during the billing period.

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

Commercial and Industrial accounts:

(A) For potable water use: Effective January 14, 2012, \$5.01* per 1,000 gallons of water delivered through each meter during the billing period.

Effective January 1, 2013, \$5.06* per 1,000 gallons of water delivered through each meter during the billing period.

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

(B) For recycled water use: Effective January 14, 2012, \$ 4.76* per 1,000 gallons of recycled water delivered through each meter.

Effective January 1, 2013, \$4.80* per 1,000 gallons of recycled water delivered through each meter.

**Plus or minus the automatic adjustment that passes through any adopted increases or decreases in the wholesale charges for water established by the Sonoma County Water Agency. (Section 14-08.015)*

(C) For recycled water use requiring special on-site treatment: Certain customers may require special on-site treatment to utilize recycled water for some commercial /industrial /institutional needs. The Board of Public Utilities may set user rates for such customers on a case-by-case basis that result in the use of recycled water having the same financial impact to the customer as the use of potable water.”

Section 3. The Council, based on the reports, oral and written, of staff, the recommendations of the Board of Public Utilities, the other materials provided and considered, and the testimony and other evidence presented, finds that the changes in service rates and charges set forth above are not discriminatory or excessive, are sufficient under Section 54515 of the Government Code, and are required to meet estimated costs and operating expenses, including increased employee wages and fringe benefits, the cost of purchasing and/or leasing supplies, materials and equipment, financial reserve requirements and the costs of capital improvements, necessary to maintain and provide proper and adequate service to properties and premises served by the City's water utility, an enterprise system. Based on these findings, the City Council finds that the changes in rates and charges set forth in this ordinance are exempt from the provisions of the California Environmental Quality Act under section 15273 of the State CEQA Guidelines.

Section 4. Delinquent water service charges and all penalties thereon when recorded as provided in Chapter 14-04 of the Santa Rosa City Code and Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code shall constitute a lien upon the real property served.

Section 5. This ordinance shall be effective following its adoption and publication, provided, however, that the water charges and rates set forth in Sections 1 and 2 of this ordinance shall be applied only to billings on water meters read by the City's Board of Public Utilities on and after January 14, 2012 and January 1, 2013, as set forth in the above amended sections 14-04.090 and 14-08.010 of the City Code and provided, further, that the water rates and charges in effect on the adoption date of this ordinance shall be applied to all billings on water meters read prior to January 14, 2012.

IN COUNCIL DULY PASSED this 13th day of December, 2011.

AYES: (6) Mayor Olivares, Vice Mayor Sawyer, Council Members Bartley, Gorin, Ours, and Vas Dupre

NOES: (1) Council Member Wysocky

ABSENT: (0)

ABSTAIN: (0)

ATTEST: Terri Griffin, City Clerk

APPROVED: Ernesto Olivares, Mayor

APPROVED AS TO FORM:

Caroline Fowler, City Attorney

Schedule No. RV-HW-1
 Redwood Valley Tariff Area
 (Hawkins Division)
GENERAL METERED SERVICE
 Page 1 of 2

APPLICABILITY

Applicable to all metered water service.

TERRITORY

Broadmoor Acres Subdivision and vicinity near the intersection of Stony Point Road and Yuba Drive, Santa Rosa, Sonoma County.

RATES

Quantity Rates:

Per 100 Cu. ft. \$8.2059

Service Charge:	Per Meter Per Month
For 5/8 x 3/4 - inch meter	\$54.58
For 3/4 - inch meter	81.87
For 1 - inch meter	136.45
For 1-1/2 - inch meter	272.90
For 2 - inch meter	436.64
For 3 - inch meter	818.71
For 4 - inch meter	1,364.51

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rate.

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fees set forth on Schedule UF.
2. In accordance with Section 2714 of the California Public Utilities Code, if a tenant in a rental unit leaves owing the company, service to subsequent tenants in that unit will, at the company's option, be furnished on the account of the landlord or property owner.
3. Qualifying low-income individually metered and flat rate residential customers, non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on Schedule LIRA
4. All bills are subject to any applicable surcharges and surcredits on Schedules RSF and LIRA-SC.
5. Any service to a residential customer not exceeding two units who requires a 1-inch meter only because of fire flow requirements to a fire sprinkler system will be billed at the above 5/8 x 3/4-inch meter service charge plus a \$2.50 surcharge.

Schedule No. RV-AR-1
Redwood Valley Tariff Area
(Armstrong Division)
GENERAL METERED SERVICE
Page 1 of 2

APPLICABILITY

Applicable to all metered water service where furnished on an annual basis.

TERRITORY

The unincorporated community of Armstrong, Woods Valley, Lone Mountain Subdivision and vicinity, located approximately 1.5 miles north of the City limits of Guerneville, Sonoma County.

RATES

Quantity Rates:

Per 100 Cu. ft. \$8.2059

Service Charge:		<u>Per Meter</u> <u>Per Month</u>
For	5/8 x 3/4 - inch meter	\$54.58
For	3/4 - inch meter	81.87
For	1 - inch meter	136.45
For	1-1/2 - inch meter	272.90
For	2 - inch meter	436.64
For	3 - inch meter	818.71
For	4 - inch meter	1,364.51

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rate.

SPECIAL CONDITIONS

1. The annual service charge applies to service during the twelve-month period commencing July 1, and is due in advance. If a permanent resident of the area has been a customer of the utility for at least twelve months, he may elect at the beginning of each year to pay prorated service charges in advance at intervals of less than one year in accordance with the utility's established billing cycle.
2. The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth (1/365) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.
3. The established billing cycle is every other month (bi-monthly). The billing cycle may be at longer intervals during the winter season.
